

Barne Barton Update >>

December 2024

Welcome to our latest Barne Barton newsletter which provides an update on our regeneration plans for your local community.

Regeneration update

We are pleased to share that work to construct the first 28 new apartments on site is progressing well.

We wrote to you in October to say we had returned to site following the pause in work after our contractor, Halsall, went into administration.

To ensure we continue to deliver these new homes without delay, we are using our own in-house construction team for the work. Not only does this mean we have greater control over the build process and quality, but it is also creating valuable employment opportunities for local people.

We will continue to keep you updated on progress with the project.

Meet the team for some festive cheer

On Monday 16 December we are holding a coffee morning for residents in the build up to Christmas.

As well as the opportunity to get in the festive spirit and share a drink and mince pie, you will be able to view our plans for future work in the community, meet the local development team and ask questions.

We will be welcoming residents from 10am to 12 noon at the site office, so please do drop in for cuppa and a chat.
